SIERRA MADRE, CALIFORNIA — THURSDAY, JULY 18, 1957

12 PAGES — Vol. 51, No. 40

DIGGING OPERATIONS were much in evidence in Sierra Madre this week and will be for many months to come. Photo at left shows the depth and the complicated structure work in the storm drain which is now at Lowell Ave. City Administrator Lawrence Bevington said work on the drain was stepped up this week and is now progressing at a satisfactory rate. It will go right through the center of Sierra Madre, but traffic lanes will be open at all times on Sierra Madre

Blvd. Photo at right shows a digger tearing up Sierra Madre Blvd. at the City Water Grounds where a sewer line will be installed from the new swimming pool to an Arcadia line. The work should be finished in about two weeks. Sierra Madre Blvd. at Lima also was torn up this week for the installation of sewer lines to the shopping center across from Roess Market.

## Board OKs School Bond Election In Fall

### Released Time Plan Requested

A released time program for Sierra Madre school children this fall was officially requested Monday night by the local Ministerial Association.

The request, made to the Board of Education by Rev. Chilton McPheeters, nearly touched off what was described as an "acrimonious debate." With the cessation of hostilities, the Board shelved the issue until the next meeting on Aug. 5. Dr. McPheeters' official request followed a report on released time from Dr. Lowell Jackson, school superintendent, who presented pros and cons.

"If a program is established here," Dr. Jackson said, "there should be complete cooperation to insure good released time training."

He also pointed out that released time is permissive under the State Education Code. In other words, the School Board may, if it desires, permit children to leave schools to attend religious classes if their parents authorize it.

In his arguments in favor of released time, Dr. McPheeters said: "Gradually we are squeezing out of the public schools over opportunity to make mention of our religious heritage. We cannot continue such a policy."

Deb Watts, 445 E. Highland, one of a handful of Sierra Madreans who attended the meeting, said he pays taxes to support public education in the schools, not religious instructions. He added:

"I do know that when the schools were separated from the church in this country we had a rebirth of science and freedom—a renaissance, if you please."

Dr. McPheeters replied that Mr. Watts' comments, which he described as an attack on all religions, were leading to a new place.

### Board Adopts Policy on News

A new policy on press releases was adopted by the Board of Education at its meeting Monday night.

Henceforth, the superintendent of schools, who also is Board secretary, will make all official Board news releases. Individual Board members, of course, may express their own opinions to whomsoever they desire.

The policy is designed to avoid confusion and conflicting statements involving action taken by the Board as a whole. Dr. Jackson said, and is in no way a restriction on news. Furthermore, he added, this practice is followed by many other boards of education and is recommended by educators.

The vote in favor of the policy was unanimous. Mrs. Nathan Jacobs made the motion; it was seconded by Mrs. Martha Coutant.

### Annexation Issue Dies Natural Death

A \$250,000 to \$300,000 bond issue election was authorized by the Sierra Madre Board of Education at its meeting Monday night. The election probably will be held Oct. 22 or 29.

The Board decided to go ahead with plans to build an addition to Sierra Mesa School. The preliminary layout calls for six new classrooms, two additional kindergarten rooms and an all-purpose room which would serve as a cafeteria and assembly hall.

The exact date of the election and the size of the bond issue will be decided later.

DR. LOWELL JACKSON, school superintendent, pointed out that it takes approximately 100 days to fulfill the legal requirements of a bond issue and that action must be started immediately if the election is to be held this year.

If the election is successful—a two-thirds majority is required—it would be about two years before the Sierra Mesa addition would be ready for occupancy.

The Board also decided to shelve the subject of annexation with the Pasadena School District following a report from Dr. Jackson.

NOBODY seems to favor annexation, said Dr. Jackson, except John Dewar, who made it clear that he is not recommending it at this time.

There is a definite trend, however, toward abolishing small districts, he added, but Sierra Madre can't be classified in this category.

He pointed out that our assessed valuation is \$14,170,950 and the average daily attendance is 934, which gives the district \$15,000 per pupil.

"This makes us a pretty wealthy district," he said. Kenneth Bush, Board president, said that small districts generally have about 60 to 100 pupils and that Sierra Madre certainly can't be placed in this category.

"We are sure," he said, "that Sierra Madre will go along with us in our plea for a bond issue this fall."

Dr. Jackson added that our school tax rate compares favorably with rates in surrounding towns. The average county rate, he said, has jumped to \$1.50 and \$1.60 per \$100 assessed valuation. Sierra Madre's rate is \$1.45.

IN OTHER action, the Board:

Voted to send a letter of appreciation to the Pasadena Board of Education for past cooperation. The letter also expressed the hope that friendly relations will continue in the future.

The vote was 4 to 1, with Mrs. Martha Coutant opposing.

Mrs. Coutant wanted to send a letter of appreciation to Lawrence Lamb, retired president of the Pasadena Board.

Other Board members objected. Their feeling appeared to be summed up in the words of Hugh Colvin, who said:

"I don't think we should single out individuals. I think we should simply thank the old Board for its cooperation and ask the new Board to continue the good relationship."

Mrs. Coutant's stand apparently grew out of a letter of appreciation the Sierra Madre Board sent two weeks ago to Dr. Stuart McComb, former Pasadena school superintendent, who resigned in the middle of the recent Board election in Pasadena.

Mrs. Coutant, in reply to the suggestion that a letter to Mr. Lamb would set a precedent, said:

"I think we set a precedent a couple of weeks ago. I made a suggestion. If the Board doesn't want to go along with my proposal, I say drop it."

### Rescuers Carry Boy To Safety

Earl Sickler, 14, of 623 W. Graves, Monterey Park, was carried from Sturtevant Falls by members of the Search and Rescue Team Saturday afternoon.

Earl was hiking with a group of friends in the Big Santa Anita Canyon. When they came to the pool at the foot of Sturtevant Falls, they started throwing rocks in the pool, watching the cool water splash, until Earl was struck on the foot by a rock, causing a painful injury and a possible broken bone.

Unable to walk, the Rescue Crew were called. They reached the victim at 4:40 p.m. and after treating the injured foot, Earl was carried to Chantry Flats by litter. He was taken to the doctor for further examination.

Participating in the rescue were Edward LaLone, Jon Mathews, Bill Wark, John Grippi, Earl LaLone, Minor Harkness, Hubert Herick and Bill Adams of the local crew, assisted by Dale Veetch, Chuck Huwison, Joe Deseria, and Ranger Ralph Shangraw of the Forest Service.

Representing the Temple City Sheriff's Department were Deputies Dennison, Rowden and Hammer.

### DISSATISFACTION

Half the people of the world are unhappy because they can't afford the things that bring misery to the other half.

### What's Cooking? Firemen Wonder At Wiener Roast

About 250 spectators and 25 firemen gathered at a short-lived hot dog roast Tuesday night at 430 Grove.

The firemen were there to put out a fire. The onlookers were there to see something burn. Both were perhaps disappointed.

Floy Williams of the Grove St. address was roasting hot dogs over a wood fire in a wash tub when somebody spied the flames and turned in an alarm. At first, firemen couldn't find the blaze.

When they did, though, they asked Mr. Williams to end his hot dog roast. He complied, with the aid of a garden hose.

The call was at about 9 o'clock.

### Monday Services Conducted for Miss Lucie Ford

Funeral services were conducted Monday at Ripple Chapel for Lucie Glenn Ford, 71, of 710 West Alegria, who died Friday. Rev. Donald Osterlander of Trinity Presbyterian Church officiated.

Miss Ford was a native of Illinois, Illinois, but had been a Sierra Madre resident for the past 12 years. She was active in YWCA work during and after the last war, serving as Y secretary in Honolulu for some time. She was a member locally of the Dickens Fellowship and Friends of the Library.

She is survived by a sister, Mrs. Lola Ford Durning, San Jose, and a brother, Dr. Roscoe A. Ford of Los Angeles. Final service and interment will take place in her Illinois birthplace.

### Little League Meeting Planned Here Friday

Plans to form a Little League in Sierra Madre will be discussed at a meeting Friday night, July 19, at 8 o'clock in City Hall, Dixie Tiller, president of the Minor League Association, reported yesterday.

Members of the association, the Park and Recreation Commission and all interested citizens are invited to attend.

Applications for a Little League franchise were mailed last week. Participation by Sierra Madre youngsters will mean that teams will play under Little League rules, compete in post-season games with teams of other communities and, possibly, go on up to the Little World Series.

MAJOR responsibility for organizing Little League teams will fall on the present Minor League group of volunteers, but the City has agreed to provide a well-kept diamond, two umpires and a scorekeeper for each game.

The cost of outfitting each team will approximate \$300 to \$400, according to Mr. Tiller. After the first year the cost per team will be about \$150 for the season.

Ways to finance the creation of a Little League here will be one of the main subjects for discussion at Friday's meeting, Mr. Tiller said.

IN MOST communities, teams are backed by service organizations, local and neighboring industry and, in many cases, national industries. Money also can be raised for teams through volunteer efforts such as dances,

with cold wet sheets or bath towels, or put ice packs around his head, neck and body. 3—Fan him, and rub his arms and legs to keep the blood circulating. 4—If possible, get a cold tub bath ready while the doctor is on his way.

If you have no thermometer, do not give him first aid. Wait for the doctor.

Heat prostration, or heat exhaustion, is caused by prolonged heat and humidity, but is very different from heatstroke or sunstroke. The victim is usually conscious, but weak and dizzy. His temperature falls instead of rises, and he feels cold and clammy.

FIRST AID: 1—Keep the victim's head low and warm his body. 2—Even though the weather is hot, cover him with blankets and put hot water bottles around him. 3—Rub his arms and legs. 4—If he is conscious, give him hot tea or coffee. (Presented as a public service by the Foothill Branch of the Los Angeles County Medical Association.)

### Play All-Star Game July 20 In W. Covina

The first out of town minor league baseball game will be played Saturday when an All-Star Sierra Madre team will meet San Jose All-Stars in West Covina. Game time is 10 a.m.

Managers and coaches have selected their best players to make up the squad of 18 who are being groomed by Bert Menne, Bill Coulson and John Englert.

Each team in the League contributed the following players: Yankees: Ken Broomfield, Duke Ames, Bud Burke and Mike Menne. Dodgers: Frank Graham, Chris Bryant and Garry Nuetzel. Braves: Mike Johnson, Dave Foxton, Ronnie Morse and Eric Wittig. Indians: Rich Schoren, Tim McDonough and David Caswell. Orioles: Douglas Spencer and Perry Rickard. Red Sox: Mike Nickerson, Craig Reece and Don Dammeyer.

Spectators should get to the San Jose School shortly before game time to inquire what field will be used. A good turn-out of Sierra Madre fans is urged by team backers.

HUMAN WEAKNESS

A man can mend his ways, but there is no safeguard against them breaking out in new places.

### Friends Plan Local Concert On Aug. 28

"A Vision and Prayer," a composition for chamber orchestra by Forest Westbrook, based on a poem by Dylan Thomas, will be presented in Sierra Madre School auditorium at 2 o'clock, Aug. 28.

The composer, a professional jazz pianist, is a former resident of Sierra Madre.

The composition, which has never been publicly performed, will be played by a nine-piece orchestra of woodwinds and strings, conducted by William Ulyate. Marni Nixon, Los Angeles soprano, will be soloist. An additional orchestral selection, not yet chosen, will also be played.

The concert was arranged and partially financed by the Friends of the Sierra Madre Library. The musicians will be paid by their union. The public is invited free of charge.

### Julian La Lone Dress Shop to Open July 26

Friday, July 26 witnesses the opening of the Julian LaLone's new dress shop, "Feminine Fashions" at 1 Kersting Court.

The shop will feature famous designer names in sportswear and dresses. Julian and Dottie LaLone have been Sierra Madre residents for almost 30 years. For eight years they ran a dry cleaning establishment on Sierra Madre Blvd.

## If It Ain't the Heat, What Is It?

If the weather has been bothering you—there is good reason. According to the statistical office of the U. S. Weather Bureau in Los Angeles, Southlanders experienced the warmest June on record and one of the hottest Julys ever.

A conservative long-range outlook by the same office says that this area will have above normal temperature for at least the next 30 days.

The chief health threats of very hot weather are sunstroke, heatstroke and heat prostration. These are serious illnesses which sometimes can be fatal. Knowing what to do for heat victims may very often save a life.

SUNSTROKE is caused by too long exposure to the hot sun, while heatstroke is due to prolonged oppressive heat, often indoors. The cause of both appear to be the same. Both have the same symptoms and need the same first aid treatment.

They usually start with a severe headache. Everything looks red to the victim, and he loses consciousness. He

develops a fever. His temperature can go to 110 degrees or higher. If unconsciousness and higher temperature last any length of time, the danger is great. In extreme cases, the victim collapses suddenly and dies within a few minutes.

When a person collapses in hot weather, call a doctor. Move the victim into the shade and loosen any tight clothing. Feel his skin. If it feels hot, he probably has sunstroke or heatstroke. Do not give first aid until you are sure because the collapse may have been caused by something very different, such as apoplexy or heart failure.

If you have a thermometer, take his temperature. If it is 105 degrees or higher, give first aid. If it is around 102, take it again every five minutes, and begin first aid at once if the temperature is steadily rising.

FIRST AID: 1—Put a pillow under the victim's head, and cool him as quickly as possible. 2—Wet his clothes with cold water, cover him

THE SIERRA WORKSHOP of Hastings Ranch Guild to Cystic Fibrosis Foundation met for its second session last Monday evening in the home of Mrs. Henry Johnson, 171 E. Orange Grove. The new group was organized by its chairman, Mrs. James Bryce Tyler, and will be composed of women living in Sierra

Madre. Working on decorations for the Guild's annual dance, "September Affair," scheduled Sept. 14 at the Huntington-Sheraton Hotel, are, from left, Mrs. Johnson, Mrs. Tyler, Mrs. Rocky Summers, Mrs. William Guardia and Mrs. Ben M. McGee.

### Speedy Response Halts Flames At Mountain Edge

It took 15 minutes to put out a fire Thursday that might have traveled the mountains with disastrous effect.

Employees of the City Street Department were burning off weeds on lots at the north end of Camillo St. The job done, they checked for smolder, found none, and left the area at 10:30 a.m.

A small area burst into flame almost two hours later and at 12:11 a fire call was put in as flames started up the side of the mountain toward Sturtevant Dr.

Fire call was sounded—at 12:13 Fire Chief Jim Heasley took off along with both pieces of fire fighting equipment; at 12:15 the U. S. Forestry Service rolled; at 12:19 fire truck 98 reported "under control"; at 12:26, truck 97 reported "all out."

### Mrs. O'Donnell On Job as New Hospital Head

Mrs. Thelma E. O'Donnell R.N. assumed the post of superintendent of Sierra Madre Hospital, Monday, according to Larry Lomax, administrator.

Mrs. O'Donnell, who lives in Altadena where her husband and two sons, aged 17 and 14, trained in Clinton, Iowa. She has been attached to the obstetrical department at the hospital.

Her new duties put her in charge of nursing and hospital operation.

## Editorial

## Censorship, Yet

Censorship, that old tattered banner about which newspapers have waxed indignant since time immemorial, has reared its (in this case) amusing head in Sierra Madre.

The Sierra Madre Board of Education, it appears, has "voted to clamp censorship control on news." That, at least, is the conclusion of a daily newspaper published in Pasadena (name censored). Nothing, actually, could be further from the truth.

The Board simply voted to make one person responsible for official news releases. The vote was unanimous and all members of the Board were present.

Under Board policy, Dr. Lowell Jackson, superintendent of schools and also Board secretary, will speak for the Board as a whole. This places no gag on other Board members who are perfectly free to express their own opinions to whomever they desire.

Previously, Mrs. Martha Coutant handled publicity for the Board and frequently issued news releases. She seconded the motion made by Mrs. Nathan Jacobs to delegate that responsibility to the superintendent.

Permitting one member to speak officially for the Board eliminates confusion and conflicting statements. Delegating that responsibility to the superintendent is also logical since he is in a position to know more about the schools than anyone else.

It also makes it possible for the superintendent to release news to the press about many subjects—the coming bond issue, for example—without the necessity of polling every Board member in advance.

Representatives of the press, likewise, can call the official Board spokesman for information without the necessity of tracking down each individual Board member.

This policy, furthermore, is not unique. It is practiced by innumerable organizations, including, it's safe to say, many school boards in California and other states.

It is also perfectly legal. In "Boardsmanship," a guide for school board members prepared by the California School Boards Association Inc., the subject is discussed on Page 66 under "Who speaks to the public for the Board?"

"The Code" (State Education Code) does not charge any person with responsibility for representing the Board before the public," the section states. "All actions of the Board must be by the Board as a whole when it is meeting in a regularly called session."

"The Board, under such circumstances, may designate a member or some other individual, USUALLY THE SUPERINTENDENT OF SCHOOLS (emphasis added), to speak for it, but he in no way binds the Board."

"At the Board's discretion reports may be provided at district expense (Section 6336) so long as they are purely informational and do not seek to influence the outcome of an election. It is important to note that it is a principle of law that the public body which is given certain responsibilities to perform may not delegate those responsibilities."

It seems, therefore, that the Sierra Madre Board of Education acted strictly within the law, is not trying to hide anything or to suppress news.

Anybody who knows the present members of the Board of Education here must realize it would be ridiculous to assume that any one of them seeks censorship.

Can anyone, for example, imagine Mrs. Coutant condoning censorship?—H.W.E.

## OUT OF THE COBWEBS

**44 YEARS AGO THIS WEEK**, July 11, 1913—Dr. S. H. Thompson opened offices in the suite of rooms over Welsher's grocery to practice dentistry. No longer will it be necessary to hold one's aching jaw till a dentist in Los Angeles or Pasadena can be reached.

Sierra Madre's furniture store was operated by the firm of Bergien Bros. J. J. Bergien took into partnership his brother Oswald who had been his assistant.

Mrs. F. H. Hartman and Miss Vera Hartman left for Long Beach where they rented an apartment for a fortnight.

**20 YEARS AGO THIS WEEK**, July 9, 1937—Jean Spoelstra, Jack Dougherty and H. Clay Reavis Jr. returned from a vacation at Jackson Lake, Big Pines.

Lawrence Garland, son of Mr. and Mrs. R. E. Garland, arrived home from the National Scout Jamboree at Washington, D.C.

Mr. and Mrs. J. N. Hawks, 80 E. Grand View, left for their gold mine, the Chata-nooga, at Hobart Mills, Nevada County, for a stay of three months.

**10 YEARS AGO THIS WEEK**, July 10, 1947—Law-

rence B. Brain, 35-year-old veteran, was appointed city Clerk of Sierra Madre by unanimous vote of the City Council.

Harry B. Humphries, 430 E. Montecito, was elected commander of the local American Legion post.

Young Claudia Fritz, daughter of Mr. and Mrs. C. F. Fritz, 476 Sturtevant, nosed out 24 challengers to take first prize in the Baby Beauty Contest at the United Parcel Delivery Service annual picnic.

**5 YEARS AGO THIS WEEK**, July 10, 1952—Mrs. Hugh Colvin, 585 W. Sierra Madre Blvd., with three of her four children, Carolyn, Donald and Barbara, celebrated the closing of the school term recently by taking a boat trip to Catalina Island.

Louis Van Iersel, Congressional Medal of Honor winner of Sierra Madre, served as one of two grand marshals at the Venice Beach Surfestival Parade.

Sierra Madreans Hans Gutierrez and Cavin Morgan were named charter members of the recently established San Gabriel Valley Boy Scout Council's Order of the Arrow.

You suddenly realize that the piece of clutter dripping from the tip of a tree is an oriole's nest. This leads you to hanging around to see the oriole when you could be rushing off somewhere, getting tense.

Next you discover a woodpecker in the live oak tree. You line the whole family up to watch him work and this leads to endless discussions of what he's doing? Is he eating grubs out of the tree? Is it squirrels that come around afterwards and tuck acorns in the holes? And what does he peck out of telephone poles?

There is almost no end to this activity; only a temporary respite at nightfall when you sit on the edge of a junior-size bed and finish

## Vacation Comes to Suburbia

## Letters to the Editor

## WHY DID IT HAPPEN?

On a day soon after the Diesel buses displaced the famous "Red Car" of the Pacific Electric Co., I mounted the bus at Kersting Court and sat down beside one of Sierra Madre's oldest and most respected daily commuters to Los Angeles. A native of Europe but long a U.S. citizen, this gentleman as a youth had known the excellent transportation systems of the Scandinavian countries.

When I asked him his opinion of the change over from electric car to buses on our line, he replied substantially as follows:

"I was here when the first Red Car ran from Sierra Madre to Los Angeles. Then for 40 years we had the best public transportation service in my experience. Now it is the worst."

Then he mentioned such differences as the lessened riding comfort of the buses, their bad ventilation, the removal of the shelter station and public telephone at the Sierra Madre end and others along the line, and the reduction of the later evening schedule, including elimination of the convenient "owl car" from Los Angeles.

There is a legend floating about (whether true or false) that the reason for all this "progress"—(backwards, for the customer)—was a "deal," by which three huge and prosperous corporations simultaneously got rid of the costly up-keep of right-of-way and shelter stations, sold the motors for hundreds of thousands of buses here and throughout the U.S.A., and furnished the fuel—together with the huge increase in smog which it produces daily.

The public got the smog and several increases in fares—with more to come: the corporations involved got handsome profits as time goes on, and in time they may also give better service—if the governing and franchise-granting authorities, who rarely ride on buses, perform their duty to that huge voting minority of the public who must ride buses and who produce the profits. The City, not the transportation companies, should lay down the basic service requirements on which franchise is granted.

Cordially yours,  
EDWARD VOORHEES.

## Around the Square

By Marjorie Parker

Headline in daily:  
**Flying Goldfish Are Heading for America**  
In formation?

**CONVALESCENT** Ward: Maggie Ascher up and about after surgery in time to visit with eldest son Charlie home on Navy leave from Corpus Christi.

Ted Velasquez back to the salt mines on crutches. He made a clean break—with his tibia.

**BIRDWATCHING**, anyone? This business of stopping a half moment to hear a bird's song, or to watch an arc of flight or even to pick up and stare at a feather has about it a sly curiosity that can lead one almost anywhere.

One place is a book store where you buy a book (for your child, of course) about birds. The book may include a 78-RPM unbreakable record of Authentic Bird Songs to Help With Identification. Then you've had it.

You suddenly realize that the piece of clutter dripping from the tip of a tree is an oriole's nest. This leads you to hanging around to see the oriole when you could be rushing off somewhere, getting tense.

Next you discover a woodpecker in the live oak tree. You line the whole family up to watch him work and this leads to endless discussions of what he's doing? Is he eating grubs out of the tree? ## Your Congressman . . .

## Grassroot Support Fades For Foreign Aid Economy

By Edgar W. Heistand, Rep. 21st District

Professional politicians predicted months ago that as the session waned, Congress would lose interest in saving taxpayers' money. Their predictions proved only partly right. Sentiment for economy hasn't died, but it's not what it was several months back. Reason: The grassroots haven't been pressuring Congress to save, the way they did last winter.

Unless pressure from home won't chop much out of the last of the "big money" measures as well as the most controversial. When the economy drive was at its height last winter, foreign aid was the chief target of taxpayers' letters. I have plenty of reason to believe the public feels the same. But now that the time has come for Congress to act on foreign aid, the public has grown silent.

**I DON'T SHARE** the opinion that all foreign aid is bad. There are places where the United States has a clear moral responsibility—Korea, for example. There are places where by supplying arms and technical training to local units we can save using American troops—in Turkey, for instance.

However, I believe that foreign aid should be made to justify itself. Before we continue to donate to the world on a "hit or miss" basis, I believe Congress should establish a set of "ground rules" or "guide lines" under which to give such aid.

Here are a few of the ground rules we might use:

1. The overall program should be reviewed from a policy standpoint to determine what should be done, how it should be done and when it can be terminated.

2. Foreign aid should not be a welfare project in any of its phases. It should be a businesslike effort to help certain allied and friendly nations help themselves in attaining a degree of prosperity, while at the same time strengthening the free world. There the aid should cease.

3. Any aid program should be built upon mutual cooperation and realistic benefits to the United States as well as to the country receiving such aid. When mutual benefits are not apparent, aid to that area should cease.

4. Aid should be requested by, and not thrust upon or "sold to" a recipient country.

5. Aid should be predicated upon the basic needs of a country and its ability to absorb consistent with those needs.

6. Foreign aid funds should never be used where private capital is available.

7. Aid should never be extended to a country until that country has taken positive steps to improve its own investment climate.

With guide lines such as these, we could determine the direction of our foreign aid program, which Congress now knows as little about as any of the major programs operated by the government. It is a safe prediction that if such rules were followed, Congress could cut foreign aid by at least a billion dollars annually, and get more for the money spent.

## Watch on the Potomac

By Robert G. Spivack

THE MAN BEHIND THE COURT—There is little doubt in the minds of Washington's most distinguished correspondents that the recent "civil rights" decisions of the U.S. Supreme Court mark a turning point in American history so far as interpretation of the U.S. Constitution is concerned.

The credit for forging a new "liberal bloc" in the Court is generally being given to Chief Justice Warren. There is no doubt that he deserves the accolades or brickbats, depending on where you sit. Warren, along with Justices Black, Brennan, Douglas and Harlan, now constitute a clear "liberal" majority.

But there is another man, not on the Court, whose role in the Eisenhower administration is being overlooked and he deserves as much of the credit (or blame) as anyone else for the turn of events. I refer to the Attorney General, Robert Brownell Jr. So far as I am concerned Brownell merits high praise for the part he has played in modernizing the Court.

**BROWNELL** is the man responsible for President Eisenhower's three most distinguished appointments to the Court, Warren, Harlan and

Brennan. He not only had the responsibility for checking their backgrounds in his capacity at head of the Justice Department, he also inevitably bore responsibility for finding out their social and political outlook on the modern world. Although we pride ourselves on living under a system based on law, not men's whims, the fact is that Justices of the Court are men.

They have opinions, feelings, prejudices and dreams just like other men. No matter how detached they aim to make themselves, no judge can completely divorce himself from normal human emotions or regard the law as an abstraction.

In making his recommendations to the President, Brownell could have suggested some old Republican mossbacks just as easily as men of the Warren caliber. That he did not do so, is a tribute to his sense of history and responsibility.

**THE TWO BROWNELLS**—I am as aware, perhaps more so, than most of my fellow-correspondents that Brownell is not a favorite among the nation's liberals. He has been sharply criticized for his part in the so-called Harry Dexter White "expose" and his innuendoes linking former President Truman to Soviet agents. There are some who feel that the Justice Department shows undue subservience to big business. With these estimates I shall not quarrel.

There are others, recalling Brownell's role in the political wars, who say that "once a politician, always a politician." With this appraisal I do not agree.

I have known Brownell during most of his political life. Like any other successful politician he does everything he can to advance his own cause, in this case the GOP. But there comes a

Lee Shippey asks  
What Do You Think?

It's difficult for Southern Californians to know when they should take vacations.

First of all, we're already here, where millions of other persons would like to be. Then if we live close to the sea we're in an exceptionally comfortable place, and if we don't live close to the sea we can't leave home without worrying about our lawns and flowers. In June we went to Del Mar for four days. The weather here was delightful when we left but that afternoon it turned so hot it broke records—and some spots on our lawn have not yet grown green again, despite heavy watering. On the other hand, last Sunday night, here in Sierra Madre, we slept under a blanket.

Year in, year out, you can't find a finer place to live in which to live. We're within easy reach of mountains and sea and desert, of a great city and of one of the world's most charming

smaller cities and also of primitive wilderness.

It is never so cold we can't raise outdoor flowers and fruits in winter nor so hot that we can't cool off every night. We have an earth tremor now and then but it is a rare one which does as much damage as does a super-sonic boom.

We have no tornadoes and very few floods. Indeed, we have reason to hope that our town shall never have another unless we create some subdivisions in the canyons which do not have proper safeguards against fire and flood.

All in all, one of the big headaches of vacation time is the perplexing problem of finding some place to visit which offers half the advantages Sierra Madre does.

**YES**, I was away all last week. Always feel like that when I go away.

From the intensity with which some Dixie demagogues are going after him on "civil" rights you might judge him by the enemies he has made.

(Copyright 1957)

## 'BUDDY' SYSTEM

Use the "buddy" system when you are swimming this summer, says the Institute for Safer Living. If each swimmer selects a friend who is a good swimmer to watch and be watched by, there is far less chance of either swimmer getting into trouble.

## Hot Hors D'Oeuvres Are Simple to Make

**By Toni Maurin**  
Sycamore 7-9634

Mrs. John (Dorothy) Kirkland of 1515 Riviera Drive enjoys surprising her guests with a number of hot hors d'oeuvres. She gave me a few that are favorites with her friends and wonderfully simple to make and delightful to eat.

**SALTINE AND BACON CANAPE**

Take the long saltine crackers (as many as you'll need) and wrap each one individually with a strip of bacon secured with a toothpick. Bake at 325° F. on a broiler rack until bacon is crisp. (Note: make more than you think you'll need!)

**LIVER AND CHESTNUTS**

Wrap canned water chestnuts with a piece of chicken liver or baby beef liver in a piece of bacon. Secure with toothpick. Broil on a rack until crisp and brown. Serve immediately.

**CHEESE BALLS**

These will hardly last through one passing.

Cream a jar of sharp cheese with 3 tbs. of butter and add ¼ cup of flour that has been sifted together with ½ tsp. salt and ¼ tsp. paprika. Mix well and roll into small balls the size of a large marble. Bake at 400° F. on a cookie sheet for 10 minutes. This recipe will make about 24.

**FILLED CREAM PUFF CANAPES**  
(About 4 dozen)

Bring to a boil ½ cup water. Add ¼ cup shortening. Stir in rapidly, ½ cup flour and ¼ tsp. salt. Add 2 eggs one at a time and beat until shiny. Drop by teaspoons on a baking sheet with room for expansion. Bake in a 450° F. oven for 10 minutes and then reduce heat to 350° F. for 15 additional minutes. Remove from oven and slit tops and cool.

These puffs can be made well in advance and even frozen until you are ready to fill them. Mrs. Kirkland fills them with tuna salad, chicken salad, or crab or lobster meat salad. They can even be filled with a fluffy cream cheese mixture and then chilled before serving. Garnish with paprika or parsley.

**ANCHOVY DIP**

Mash 4 tbs. of blue cheese and add one 8-oz. pkg. of cream cheese, 2 tbs. of cream and three or more anchovy pedestrians.

fillets (more may be added to taste), 1 tbs. chopped parsley and 1 or 2 tbs. of mayonnaise. Cream together well and serve with chips.

**MRS. KIRKLAND** has lived five years in our area. She has four children to keep her quite busy. Derelys is 10, Maren is 7, Nick, 4, and Eric, 2. They have a lot of fun, including frequent trips to their house in Laguna.

She is a graduate of Pomona College and has a B.A. degree in art from Scripps College. She took art in Los Angeles and is looking forward to the day when she will have time to do something with her artistic training.

She and Mr. Kirkland enjoy as a hobby back-packing into some of the hinterlands. Mr. Kirkland has his own insurance brokerage, the John W. Kirkland Co. of San Marino.

**La Lones Home From Holiday**

Dorothy and Julian LaLone have returned from a three month trip which took them through Nevada, Utah, Montana, Wyoming, South Dakota.

They returned by way of Washington, Oregon and San Francisco. On arrival in the area, they purchased a home in Hastings Ranch.

**Henry Ashers Entertain at Swimming Party**

Mr. and Mrs. Henry Asher, 500 Gatewood Lane, recently entertained at a swimming and dinner party.

Those in attendance for the festivities were Mr. and Mrs. Carl Burt, and Mrs. R. Halperin, Mr. and Mrs. Alpheus L. Pruitt, Mr. and Mrs. Edward J. McKelvey, Mr. and Mrs. Frank Bonner, Mr. and Mrs. Leo Micko, Patti Halperin, Patty Leahy and Lynn Evers.

**MINNESOTA PICNIC**

The Minnesota State Society of Long Beach will hold its annual picnic next Sunday at Bixby Park. The program will start at 1 p.m. Lunches and coffee may be purchased on the grounds.

The man who falls by the wayside today is usually a and three or more anchovy pedestrians.

## RALPH'S Annual Shoe Clearance

STARTS FRIDAY, JULY 26—9:30 A.M.

**Store Will Be Closed THURSDAY, JULY 25**  
In Preparation for Sale

# ... Social and Club Activities ...

**A RECEPTION FOR Mr. and Mrs. Norman Harvey Green** was held July 14 in the Altadena Town and Country Club following the couple's return from their honeymoon. Mr. Green grew up in Sierra Madre, went to grade school here, to high school and college in Pasadena and served in the First Marine Air Wing in Korea. He was married in Las Vegas June 29 to the former LaReha Laning of South Pasadena.

## Mrs. Simpson Celebrates 80th Birthday

Mrs. Herbert Harrison, 624 Ramona, and Mrs. Bob Denton of Los Angeles recently honored their mother, Mrs. J. E. Simpson of El Centro, on her 80th birthday anniversary at a bridge luncheon in the Harrison home.

In attendance were Mrs. Roy Seaman, Mrs. Charles Martens, Mrs. Henry Smythes, Mrs. Howard Salisbury and Mrs. Don Cameron.

Mrs. Simpson was born July 13, 1877, in Bosque County, Tex., and has resided in the Imperial Valley since 1913. She returned to her home last Monday following a two-week visit with the Harrisons.

## Iowans Sate Picnic Aug. 17

The Iowa Association of Long Beach has scheduled its 52nd annual picnic for Saturday, Aug. 17 at Recreation Park. Registration will start at 11 a.m.

Iowa governor, Herschel C. Loveless of Ottumwa, will head the list of distinguished guests and will be speaker of the day.

Governor Goodwin J. Knight of California has wired he will be in attendance at the event.

**BALBOA HOLIDAY**

Michael Ward, son of Mr. and Mrs. Clifford C. "Pete" Ward Jr., 209 W. Highland, has returned from a week's stay at Balboa where he was the guest of the M. W. Merediths and their son, Jim McRoberts.

## LolaRee Hull Entertains Guests

Mrs. LolaRee Hull, 609 W. Sierra Madre Blvd., was busy last week entertaining out-of-town guests.

Miss Marge O'Connell and Miss Amy Swanson of St. Paul, Minn., the first to be hosted, were followed by Mrs. Hiram Kellogg of Dallas, Tex., and Mrs. Tommie Tillet of Denver, Colo.

## Jone Small Honored At Shower

Mrs. Warren W. White and Mrs. Dixon Trueblood were co-hostess at a linen shower and tea honoring Jone Small, daughter of Mr. and Mrs. Francis McCauley Small of Altadena, in the White home at 289 E. Grand View.

Guests included Mrs. Paul Robinson, Mrs. W. S. Broberg, Mrs. G. E. Bless, Mrs. Hal Weiner, Mrs. Charles Wirth, Mrs. Frank Williams, Mrs. Varsenig Manooagian, Mrs. George Manooagian, Mrs. Edward Manooagian, Mrs. Harry Moore, Mrs. Glenn Reed, Mrs. Thomas Casey, Mrs. William Cowan, Mrs. James Cherry, Mrs. Ruby Selby, Mrs. C. G. Kolts and the guest of honor's mother.

Mrs. James A. Gittinger arranged a very effective tea table using gay net parasols and tinted flowers as a background.

## FOTOS ARE FUN

**Garden Palette**

Garden flowers don't last very long, but you can enjoy their rainbow-rich colors all year long when you take color slides.

You don't have to be a photo wizard to get good results either. The Kodak Signet 40 Camera, for example, can get you started in a slide career in a jiffy. It's a precision "miniature" that's light to hold and easy to use. With fast f/3.5 lens and shutter speeds up to 1/400 second, it's really versatility-plus. You can move in close to your favorite garden blooms and get screen-filling, dramatic, "Gee, that's beautiful" shots. Comes complete with flashholder for just \$2???

Once shot, the fun has just begun. Showing the slides to friends and family is the real treat. With the new Kodak 300 Projector you get big pictures even in a small room. It's a slim, smoothly modern projector that's really a projector and carrying case all in one. Snap off the cover and you're ready to go. Price? Just \$???

We'd be happy to help you get started in color slides. Now that the gardens are in bloom, it's a perfect shame—so drop in this week and let us show you how simple slide-making really is. No foolin'.

Rudolph.

**HARTMAN**

## Padua Hills Theater Marks 25th Anniversary

The 25th anniversary of Padua Hills Theater was celebrated last week when some 350 associate members, alumni and trustees joined The Mexican Players in an evening of entertainment.

Six members of the original company of Mexican Players, Raquel Aldama and Casilda Amador of Claremont, Margarita and Eduardo Montano of Redlands, and Sara and Miguel Vera of Pomona, who performed in the opening production, "Serenata Mexicana," on July 2, 1932, returned and all participated in the program of entertainment.

**CASILDA AMADOR**, secretary to the Board of Trustees of Padua Institute, arranged the program, while Armando Felix, a newcomer to The Mexican Players, served as master of ceremonies. He also delighted the audience with two piano solos.

The Los Angeles County Board of Supervisors with Supervisor Herbert C. Legg as spokesman commended and congratulated Padua Institute; Herman H. Garner, chairman of the Board of Trustees; the Board of Trustees, and The Mexican Players for "their dissemination of culture in keeping alive the traditions of Early California and Mexico" through presentation of dramatic productions during the past 25 years.

"LOS NOVIO" is the current stage attraction at Padua Hills Theater. Presented in Spanish, the title translated is "The Lovers," a three-act comedy featuring Conchita Gallardo, Luis Abundiz, and Joel Gracian, talented dancer, who plays an impish role.

The play is presented nightly at 8:30 Wednesday through Saturday with matinees at 2:30 Wednesday and Saturdays.

Padua Hills Dining Room features the singing and dancing Mexican Players daily except Mondays.

## Jeanette Taylor Is Sawyer Graduate

Graduation exercises for students completing their business training at the Sawyer School of Business were held Friday evening, July 12, at 7 o'clock at the Green Hotel.

Harrison Myers Jr., director of the school, presented a diploma to Miss Jeanette Taylor, resident of Sierra Madre.

**HAD HELP**

And the man who gives himself credit for being self-made discredits his own credentials.

## Kaiser Executive Is Lions Speaker

Fred Brear, assistant sales manager for Kaiser Steel, will be guest speaker at the regular meeting of the Sierra Madre Lions Club this evening at 7:15 in the Woman's Clubhouse.

Mr. Brear will speak and show a film depicting Kaiser's growth during the past years, according to Emery Johnson, program chairman.

**PUBLIC STENOGRAPHER**

Mary E. Jacobs, public stenographer, is now located at 64 W. Sierra Madre Boulevard opposite City Hall. She is associated with the Sierra Madre Chamber of Commerce and conducts a secretarial service.

Some public speakers would be more successful if they had better terminal facilities.

## FIRE FLAMES

**By James Heasley**

The continuous dry weather and hot air stays with us in an unusual way. This should remind residents of the terrific fire hazard such weather creates. Most of our people are aware and abide by the suggestions of the Fire Department.

And yet we will be confronted with a personality that objects to an amiable suggestion. What can be done about this situation? If a threat of law procedure is mentioned—according to the local Fire Ordinance residents are supposed to clear away inflammable material—such people often defy the action and force the issue.

Such action not only involves time and expense, but usually winds up promoting

ill feeling among people. Why will a few residents disregard something that is beneficial to them and their neighbors?

We have not reached the stage where a professional fire department is employed, which would require regular back yard inspections and constant reminders to home owners that fire hazards exist.

Under the present situation, it is important that property owners do much to alleviate the responsibility of the Fire Department! Although membership in the Fire Department is voluntary, the personnel is of such nature that the possibility of a serious fire causes much concern.

There is no desire to resort to the law in order to con-

vince a party that he must clear away a fire hazard. If such must be applied then it is up to the general public to support the firemen.

The Fire Department endeavors to do much to avoid fires to maintain a low fire loss for our city. Why shouldn't every resident try to do the same?

**FIRST Assistant Chief** Charles Brown promoted a drill last Friday that gave each member an opportunity to get acquainted with the driving of the large trucks. And at the meeting each paid dearly for the experience.

**"IT IS BETTER** to remain silent and be thought dumb than to speak out and remove all doubt."

ONE OF THE favorite pastimes of children at the Nursery School is climbing in, around and over this simulated locomotive which was rebuilt by Nursery School "fathers" several years ago. The locomotive was salvaged from a parade here and rebuilt and strengthened for use by the youngsters. From left are Danny Matson, Steven Andrew, Trina Burke, Nancy Rule, Barbara Bevington, David Ridel and Connie Vensel. Disappearing into the cab at far left is Gregory Burns.

NURSERY SCHOOL "fathers" erect an old stop sign donated by the city for the edification and enjoyment of youngsters. The gasoline pump at right also was donated by the city. Fathers whose children attend Nursery School are expected to contribute some of their time to help improve the school's facilities. The cooperation of parents is one of the reasons the school enjoys the reputation of being one of the best in the United States. From left are Dan Nigh, John Christenson and Don McAdam.

# Nursery Imparts Wisdom, Love

By Marjorie Parker

In our midst—our easterly midst—Sierra Madre houses one of the pioneer efforts in the country to guide children through their most formative years toward stable and creative maturity.

The Sierra Madre Community Nursery School, now in its 10th year and established in a \$30,000 building on the City Water Grounds, has touched upon the lives of hundreds of children with wisdom and warmth.

In its cost-sharing, work-sharing program, it has touched also upon the lives of twice that many young Sierra Madre parents. And in the publication of the Nursery School Handbook, now in its sixth printing, its tents of love and guidance for the growth of pre-school children has been read around the world by educators, students and parents.

...WHAT MAKES the Nursery School tick? Parents. Mothers and fathers, who are regularly replaced by new mothers and fathers, all concerned that their children receive a foundation of good human relationships to serve them for the rest of their lives.

And for 10 years, the parents have received the dedicated service of Mrs. Marjorie Green, director of the school, widely trained in child development and parent education.

The building, modern and spacious, was designed by Sierra Madrean Mac Cason and built entirely by fathers of children attending. The jungle gym, rocking boats, water tables, fabulous play houses and giant-size sand boxes were all built by fathers during work days scheduled every three months.

The mothers contribute one day a month helping the teachers, but are also caught up in educational programs, business and social meetings which make the school a center of community activity.

AS A UNIT, the parents conduct the business of the school through an elected board of trustees of 21 members and an executive board of nine. Policy, maintenance and improvements are all governed by board decisions.

The Professional Advisory Council to the school includes Dr. Helen Christenson of UCLA; Dr. Elizabeth Woods, recently retired Supervisor of Guidance and Counseling of the Los Angeles City Schools; Dr. Nathan Jacobs, Sierra Madre physician; Dr. Lowell Jackson, school superintendent, and Miss Kathryn Clemons, coordinator of Parent Education, Pasadena City Schools.

What do the children do? According to their temperaments they either amble or storm through the front gate of a morning, stick out their tongues for the registered nurse and stay aahhhh, and divide into their age-group playgrounds or rooms.

There they feed the two rabbits, the tortoise (unless he took off again last weekend), present a fly to the frog and show the teachers their newest nature study—a hotly-clutched jar containing either/or a grasshopper, beetle, sow bug, caterpillar, salamander.

PLAY VARIES. The children may paint, play at the water table or sand box, work with clay or carpentry, ride the wheel toys or have music, either for singing or dancing. There is a mid-morning snack and a rest period—and a good thing, too.

During all this time the teachers, the mother-teachers and the mother helpers are busy with assorted duties. Main duty, however, lies in the school's guidelines:

"Foresee troublesome situations and don't let them happen. Know what children are capable of. Be alert to individual differences. Be consistent. You may show disapproval of a child's action but never of the child himself. Let him know you love and trust him."

Evidence of the success of this parent participation program appears in the sound growth and recognition of the school during the past 10 years. There is an enrollment of 120 children and always a waiting list.

THE NURSERY School will accept any child between the ages of 2½ and kindergarten age whose parents are willing to abide by the policies set up by the parents' association. The school's basis is non-discriminatory and non-profit.

Cost and labor sharing means that the school can meet every family's needs. Parents who cannot afford a financial contribution may

Mrs. Marjorie Green

still send their children by sharing in the teaching and building program.

Contributions from Sierra Madre's Community Chest and proceeds from the sale of the Handbook, written by Mrs. Green and Dr. Woods, help make this possible.

No one except the director and the secretary knows who receives such assistance and the Nursery School is anxious to reach more parents who may want to take advantage of these supplementary funds.

Yes, there are some children of non residents in the program. Some are children of former residents who have moved over the line but need to keep the continuity of the school program for their children.

Some are the children of

## SWIMMING SAFETY

Be sure you know the limits of your swimming ability and do not exceed them, warns the Institute for Safer Living. At least 7,000 persons will die across the nation this summer as the result of accidental drowning. Observe common sense rules for swimming safety.

mother-teachers, enlisted when no local mother-teacher was available. But it has been two years since the School has accepted non-resident families, which they did at a time when there were not enough Sierra Madre families participating. A non-resident never was accepted if a local family was on the waiting list.

IN A TIME when an appalling number of our fellow-men fill the wards of mental hospitals because reality has become literally unbearable, it is important to know that educators and psychologists are agreed that it is during the first five years that a child's basic attitudes and responses to life are formed.

Speaking to this, the Nursery Handbook reminds that by the time a child is five he has learned:

To walk, to talk. To love members of his family and some friends and to resent and distrust these same people at times. To be a happy, agreeable, outgoing personality or a timid, withdrawn, suspicious person. To get what he wants by screaming and grabbing or to share and take turns. To play happily with other children or to cling to his mother and evade social contacts.

That the Nursery School is providing good learning situations for our children can be attested to by some 600 families in our town. We're pretty lucky, eh?

QUEEN AND CHAMP... Queen Elizabeth admires Heveringham Stonehouse, prize British White bull, at royal agricultural show in Norwich.

**Mrs. MacGregor Succumbs at 63; Five Years Here**

Mrs. May Beatrix MacGregor, 301 E. Foothill Ave., Sierra Madre, died July 12 in Sierra Madre Hospital. She was born May 3, 1894.

A native of Johannesburg, South Africa, she had been a resident of Sierra Madre the past five years.

She is survived by two sons, Harry J. MacGregor, of South Pasadena, and Norman A. MacGregor, of San Francisco, and a sister, Mrs. Vera Knapp, of Huntsville, Ontario, Canada.

Services were held Monday in the Chapel of the Glasser &amp; Miller Mortuary, Arcadia, with Rev. Henry Lewis Ewan, rector of the Episcopal Church of the Transfiguration, officiating.

**Mrs. McRoberts Succumbs After Lengthy Illness**

Mrs. Bettie Barnes McRoberts, 502 W. Highland, died July 9 in Sierra Madre Convalescent Hospital following a lengthy illness.

A native of Georgetown, Ky., she had lived in Sierra Madre since 1938. She was a member of the St. Catherine's Guild of the Church of the Ascension here and of the First Christian Church in Gary, Ind.

She is survived by a daughter, Mrs. Albert H. Gavit, of Gary; a son, George M. McRoberts, of Sierra Madre; three grandsons, and three great grandchildren.

Private funeral services were held July 11 in the Ripple Mortuary Chapel with the Rev. Harley Gibbs Smith Jr. officiating. Committal was in Mt. View Mausoleum, Pasadena.

**Final Services Are Held for Samuel Strauss**

Services for Samuel C. Strauss, a resident of Sierra Madre for the past 15 years, were held last Friday in the Ripple Mortuary Chapel with the Rev. George W. Lindsay officiating. Inurnment was in Pasadena Mausoleum.

Mr. Strauss, 225 N. Canon Ave., died July 9 in the Sierra Madre Convalescent Hospital following a lengthy illness. A native of Bardonia, Ky., he had been a resident of California since 1906.

He was a member of the Ensign Bagley Camp, Spanish-American War Veterans, and a former member of the Rotary Club of Portland, Ore.

Surviving are two sons, Max E. Strauss, Sierra Madre, and Lyle B. Strauss, Chicago; two brothers, Eugene, of Dallas, and Dr. Simon Strauss of Los Angeles, and one grandchild.

**LESSON SERMON**  
The God, the source of all true life and intelligence, is ever available to humanity will be set forth at Christian Science services Sunday. Scriptural selections in the Lessons-Sermon on "Life" will include the following from Psalms (16:1, 11), "Preserve me, O God: for in thee do I put my trust. . . Thou wilt shew me the path of life: in thy presence is fulness of joy; at thy right hand there are pleasures for evermore."**SUNDAY SERMON**  
"The Dynamic Force Within You" will be the subject of the Sunday sermon, July 21st, at 11 a.m., by Dr. Ethel Barnhart, at the Santa Anita Church of Religious Science, 778 S. Rosemead Blvd.,**FIRST CHURCH OF CHRIST, SCIENTIST**186 W. HIGHLAND AVE., SIERRA MADRE

**J. S. Hewett Is New Youth Head At Bethany**

James S. Hewett, formerly of Seattle, Wash., has recently accepted the position of Director of Christian Education at Bethany Church. Mr. Hewett, Sierra Madre resident for the past three years while attending Fuller Theological Seminary in Pasadena, will be in charge of the education and youth activities of the church. A full program is being planned in these areas for the coming months.

**Rabbi Steckel To End Sermon Series Friday**

At the Foothill Jewish Community Center of Temple Beth Israel, 212 N. Lima St., Rabbi Charles W. Steckel will conduct Friday evening services on July 19 at 8:30 o'clock. He will be assisted by Cantor Salo Blumenthal. Rabbi Steckel will conclude his series on "Ethics of the Fathers."

Gary Glaser, son of Mr. and Mrs. A. Glaser of Sierra Madre, will be honored during services for his coming Bar Mitzvah which will take place during services the following morning, Saturday, July 20.

Hosts for the Oneg Shabbath following the services will be Mr. and Mrs. A. Glaser, honoring their son, Gary. Saturday morning services will start at 9 o'clock with both Rabbi Steckel and Cantor Blumenthal officiating.

**LIFE'S LIKE THAT**  
Nature makes it impossible for a man to learn the ropes without falling over them a few times.Going to Chicago?  
Visit This  
"Temple of Light"

YOU are invited to visit this Baha'i House of Worship. More than 100,000 did last year.

The uniqueness of its nine-sided design, of its exterior and interior ornamentation, of its nine beautiful gardens has made it internationally famous. As a symbol of world religion, of world unity, and of world brotherhood, without prejudice of race, class or creed, it is a source of inspiration to millions.

Located on Sheridan Rd. at Linden Ave. in Wilmette, a northshore suburb of Chicago, this notable edifice is reached by car on Route 42, or by bus through one of the many conducted metropolitan tours.

Get a preview by writing for "The Baha'i House of Worship" folder to Mrs. Marjorie Torres, 386 Cypress Ct., or call ELgin 5-9578.

LEGAL NOTICE

ADVERTISEMENT FOR BIDS

Notice is hereby given that the Board of Trustees of the Sierra Madre School District of Los Angeles County, hereinafter referred to as the "Owner," will receive up to, but not later than 7:30 o'clock P.M., of the 25th day of July, 1957, sealed bids for the award of contract for the Electrical Rehabilitation of the Main Building, Sierra Madre Elementary School located at 141 West Highland Avenue, Sierra Madre, California, Room 9.

Such bids will be received in the office of the Owner, 141 West Highland Avenue, Sierra Madre, California, and will be opened and publicly read aloud at the above stated time in the said office of the Owner.

Each bid must conform and be responsive to this invitation, the plans, specifications, and all other documents comprising the pertinent contract documents. Copies of the Contract Documents are now on file and open to public inspection in the said offices of the Owner and of Hilburg and Turpin, Engineers, located at 257 South Spring Street, Los Angeles, California, and may be obtained at the latter by depositing \$10.00 for each set. This deposit will be refunded if the set or sets of Contract Documents delivered are returned in good condition within five days after the bid opening.

Each bid shall be made out on a form to be obtained at the office of Hilburg and Turpin, 257 South Spring Street, Los Angeles 12, California.

Each bid shall be accompanied by a certified or cashier's check payable to the Owner, or satisfactory Bid Bond in favor of the Owner, executed by the bidder as Principal and a satisfactory surety company as surety, in an amount not less than five per cent of the bid. The check or bid bond shall be given as a guarantee that the bidder will execute the Contract if it is awarded to him in conformity with the Contract Documents and will provide the surety bond or bonds as specified therein within five days after notification of the award of the contract to the bidder.

The Owner reserves the privilege of rejecting any and all bids or to waive any irregularities or informalities in any bid or in the bidding.

Pursuant to the Labor Code of the State of California, the said Owner has ascertained the general prevailing rate of per diem wages for each craft or type of workman needed to execute the contracts which will be awarded the successful bidders; and those prevailing rates are contained in said specifications adopted by the Owner, and are as follows:

**CLASSIFICATIONS:**  
**APPRENTICES:** May be employed in conformity with Section 1777.5 of the California Labor Code.  
**TRADE OR OCCUPATION** **LOS ANGELES COUNTY**  
**Hourly Wage Rate**

Elect. Foreman	3.60
Electrician	3.30
Laborer, Gen'l or Cont.	2.30
Carpenter	3.00
Plasterer	3.75
Painter — Brush	3.01
Painter — Spray Gun	3.26

Except as noted in the wage schedule, the rates of per diem wages for each of the various classifications of work shall be the hereinbefore set forth prevailing rates of hourly wages multiplied by eight (8). Eight (8) hours shall constitute a day's work; it being understood that in the event that workmen are employed less than eight (8) hours per day, the per diem wages shall be deemed to be that fraction of the per diem wages herein established that the number of hours of employment bears to eight (8) hours.

Overtime shall be paid at the rate of overtime of the craft involved for work performed in excess of the regular day's or week's work, or on Saturdays, Sundays and holidays.

Holidays as herein referred to shall be deemed to be New Year's Day, Decoration Day, Independence Day, Labor Day, Veteran's Day, Thanksgiving Day, and Christmas. If any of the above holidays fall on Sunday, the Monday following shall be considered a legal holiday.

It shall be mandatory upon the Contractor to whom a contract is awarded, and upon all subcontractors under him, to pay not less than said general prevailing rates of per diem wages to all workmen employed in the execution of the contract.

No bidder may withdraw his bid for a period of ten (10) days after the date set for the opening of bids.

### Landscaping Plan Goes To Council in Arcadia

Plans for civic landscaping were submitted to the City Council Wednesday night by Councilman Edward F. Jacobi, chairman of the city beautification committee. Plans were drawn by George Roach of Burge and Roach, landscape architects, using suggestions from the Los Angeles State and County Arboretum on plants suitable for the area.

First project to be started would begin on the northern end of Santa Anita Ave. and at the intersection of Huntington Drive and Holly Ave. Improvements also are planned for Colorado Blvd. and along Huntington Drive west of Holly Ave.

Mr. Jacobi said that beautification of the southern end of Santa Anita Ave. would have to await underground power line construction. Plans for Huntington Drive west of Holly include landscaping the dividing strip and sidewalks paralleling the three-way traffic lanes.

### Released Time Plan

(Continued from Page 1)

an "acrimonious debate."

Mr. Watts protested. He said he believes firmly in religion, but not religion in the public schools, and that he insists that his four children receive religious instructions. Mr. Watts, incidentally, is the son of a Lutheran minister and was once a minister himself.

Mrs. Nathan Jacobs, a member of the Board, said perhaps "we should wait a little and try to determine whether the parents want a released time program."

"Counting noses in this

matter is irrelevant," said Dr. McPheeters. "If only one church wants released time, I think the Board should permit it."

#### FORGES AHEAD

The young man with grit as capital will achieve success quicker than the one with money.

People who jump at conclusions are usually floored under cross-examination.

The everyday Christian has a seven to one chance over the Sunday practitioner.

### More time for fun....

There'll be more time for week-end outdoor fun—so dear to the hearts of Southern Californians, if you'll follow this suggestion: Leave the car home sometime during the week so that the lady of the house can get the heavy shopping out of the way. That will leave you more time on Saturday for outings or for pet projects around the house.

Fast, limited-stop Metro "Flyers" operate between many communities in the metropolitan area, and can get you to work and home again on dependable schedules. Why not give Metro a try?

You can "ride with Metro and relax" because your operator is a skilled driver, chosen for courtesy, dependability, and character, and you ride in big, green coaches that offer greater safety in today's traffic.

SIERRA MADRE, CALIFORNIA — THURSDAY, JULY 18, 1957

VILLA  
VIEWSBy Toni Maurin  
SYcamore 7-9634

Somewhat I never cease to wonder and be awed by the miracle of birth. That from a small seed a life is born and it is a composite of so many things of its forebears. It is said that parents do so much for their children, but I am inclined to think that it is we, the parents, who are the fortunate ones.

Nothing can compare with the first joy of having your baby placed in your arms and to know that this is what you have waited for. Not only the parents are the joyful ones, but to share a new baby with the other children of your family brings a happiness that is unsurpassed by any gift you could bring them.

ALL THIS leads up to the fact that my husband Ernie and myself have presented our three children with a new baby brother as of July 7th. We are calling him Eric Anthony, and he weighed in at 7 pounds and 8 ounces. He has a brother, Paul, aged 9, two sisters, Sherri, 8, and Debbie, 4.

I TALKED to Mrs. George C. Matthews of 1510 Sierra Madre Villa this week and I was so sorry to learn that they have sold their home and expect to move to Santa Ana in the near future to be nearer to Mr. Matthews' place of business. In the meantime they have done quite a bit of entertaining, which included having Dr. and Mrs. Chilton McPheeters and their three children up for a barbecue party recently. They also held a choir rehearsal for the members of the Sierra Madre Methodist Church with all of the husbands and wives included. Refreshments were served.

THE A. C. ONG family of 3335 Trevan Road has been hard to catch ever since summer vacation started. They have a home at Playa Vista and spend every minute down there tanning in the sun. They have entertained several of our hillbites and have plans for having a good many more down before the summer is burned out. Among those who have been down are Janice McCann and the John Fricke family. They plan to have the ski club down a little later in the summer.

MR. AND MRS. William Friedrich of 3300 Barhite have been entertaining Mrs. Friedrich's father, Mr. William J. Mahoney, and some of his friends for the past week. They hail from Lansdale, Pa. This week the Friedrichs took off with their two children, Billie and Mary, to spend a few days up at Santa Barbara.

JUST LEARNED that the Joseph Phelps family of 1430 Old House Road took off last weekend to spend a few days up at Huntington Lake, where they will live on their boat that they took along in tow.

MRS. JOHN FRICKE of 3366 Barhite gave a coffee klatch recently to introduce Mrs. Robert Gardner to some of her new neighbors. Among the guests were Mesdames Art Brearley, Philip Saurenman, David Philip, Luke Walker, Burton Duke, George Amthor, William Friedrich, W. H. Dunning, William Cunningham, Al Acker, Mrs. Koriotis, George Woodruff and Mrs. Skipper Roskter.

THE KINNELOA Mesa Association has been buzzing like busy bees all week as their complete plans for their annual street dance and barbecue this weekend. They plan to start about 3 in the afternoon with swimming at the various pools and continue on to a barbecued prime rib dinner with dancing and singing to follow. They expect to have around 150 adults and children.

THE NEWLY ELECTED executive board of Hastings Ranch Guild of Cystic Fibrosis Foundation met recently in the home of its president, Mrs. Kenneth W. Christenson, 1230 Coronet, to map out plans for the coming year. From left, Mrs. Everett D. Hendricks, correspond-

ing secretary; Mrs. John D. Boldemann, treasurer; Mrs. Harold W. Leffingwell Jr., first vice president; Mrs. Dominic F. Giangregorio, second vice president; Mrs. Christenson, and Mrs. Victor E. Harris, recording secretary.

Ranch All-Stars Meet  
West Altadena July 22

By Charles Ayres

Little League activity in Hastings Ranch is drawing to a rapid close with league playoffs and All-Star games taking the spotlight.

Hastings All-Stars meet West Altadena All-Stars in the first round of area championship play at the Arcadia Little League Park, Monday, July 22. The ball diamond is located immediately east of the Arcadia City Hall and the game starts at 5:30 p.m.

The winner plays the Arcadia All-Star team the following night, same place, same time, for the area crown. Hastings Little League will be defending the crown they won last year.

MEANWHILE, Manager Bud Winterbottom has added two alternates to the squad, John Sorenson of the Reds, and Roger Pancoska of the Dodgers.

In regular league play, the Yankees and the Beavers lead their respective leagues in the race for the second half championship. Both teams face the big showdown this weekend. The Yankees play the Reds, their closest competitor, in the last game of the season Friday in what could be the championship game. The Beavers will be playing their closest rival, the Cubs, Saturday.

It fell to the off-beaten Indians to supply the shocker of the week when they came from behind to beat the haughty Braves 10-9 and drop the Braves from contention for the second half crown. Jay Frontino's 3-run homer in the top of the sixth put the Braves temporarily in the lead but the inspired Indians came roaring back with two runs of their own to take the game.

The Braves and Reds will complete their tie game

LITTLE LEAGUE  
SCHEDULE

July 18-July 27

Thursday: Stars vs. Cubs; Beavers vs. Seals.  
Friday: Yankees vs. Reds; Indians vs. Dodgers.  
Saturday a.m.: Angels vs. Royals; Stars vs. Red Sox.

Saturday p.m. Seals vs. Giants; Beavers vs. Cubs.  
Monday: Hastings All-Stars vs. West Altadena All-Stars, Arcadia Park, 5:30 p.m.

Tuesday: Winner of Hastings-West Altadena game vs. Arcadia American, Arcadia Park, 5:30 p.m.

Tuesday: Stars vs. Angels; Seals vs. Royals.  
Thursday: Beavers vs. Red Sox, Cubs vs. Giants.  
Saturday a.m. Cubs vs. Royals, Giants vs. Red Sox.

## Hastings Teen Times

By Pat Smith  
ELgin 5-1903

Bonnie and Eddie Buckle arrived home recently from a wonderful vacation. They flew to Chicago with their parents where they visited their grandparents.

Then they went to Washington, where they saw Vice President Nixon, Rep. Heland, Sen. Margaret Chase Smith and the Senate and House in session. They visited the Tomb of the Unknown Soldier, where they saw the changing of the guard. They also saw the minting of that wonderful stuff, MONEY, but were not able to get too close.

Next stop was St. Petersburg, Fla., and Grandparents were visited. They went swimming once or twice but the northern part of the state was where they spent most of their time. I was told that many newspaper articles read: "Mother calls police because alligator is teasing children in back yard."

On the way home they went through New Orleans, Texas, New Mexico and Phoenix. They made the trip from Florida to California in four days. No speed there! They had a really great time and saw loads of sights.

F. G. Brears  
Honor  
P. D. Kellys

The Frederick G. Brears, 1115 Valley View, were hosts last Saturday at a farewell party honoring Mr. and Mrs. Peter D. Kelly, 1125 Valley View, who, with their sons, Peter, Tom and Craig, will leave next Saturday to make their home in the San Francisco area.

Taking part in the evening's festivities and mid-night supper were Mr. and Mrs. Robert S. Rosenast, Mr. and Mrs. William E. Heller, Mr. and Mrs. Clifford R. Voges, Mr. and Mrs. Dale R. Sandro and Mr. and Mrs. William Hollinger.

Also, Mr. and Mrs. Edward D. Eley, Mr. and Mrs. Walter Koenig, Mr. and Mrs. William H. Dixon, Mr. and Mrs. Wayne F. Barnes, Mr. and Mrs. Alfred C. Ingersoll, Mr. and Mrs. Harold S. Voegelin, Mr. and Mrs. Gordon K. Wright, Dr. and Mrs. James Chinn, Mr. and Mrs. Charles LeBon and Mr. and Mrs. William K. Shiner.

## VISITS IN RANCH

Mrs. Joseph N. Marsh and Miss Nancy Marsh flew from their home in Tampa, Fla., for a visit with Mr. and Mrs. Peter Lubisch on Canfield Road. They will be in Pasadena several weeks. The Lubisch family recently returned from a trip to Houston, where Mr. Lubisch attended a conference.

Mrs. Joseph N. Marsh and Miss Nancy Marsh flew from their home in Tampa, Fla., for a visit with Mr. and Mrs. Peter Lubisch on Canfield Road. They will be in Pasadena several weeks. The Lubisch family recently returned from a trip to Houston, where Mr. Lubisch attended a conference.

NANCY COLLIER spent the past two weeks at Avalon, Catalina Island. She rented a whole house. The first week Sandy Swanson, and the second week, Susie Mason shared Nancy's fun. They got real tan and had lots of fun swimming, going to shows and dances, and of course they scarfed up (ate a lot). She went over and came back with her parents on the S.S. Catalina.

GARY PALMER and Tom Nursall are the proud holders of a trophy they won recently at the San Gabriel Drag Strip. The car they won it with is a '47 Chevy.

The trophy was given to them because they won the eliminations in their class with a speed of 78 mph. The class was "E Gas." From what I heard by way of the grapevine, that is really great.

NORMAN KREMILLER spent July 3-8 with his family and grandparents at White Horse Lake near Flagstaff, Ariz. They fished, swam, went to Flagstaff to an Indian pow-wow and saw the Indians compete in such events as "bulldogging."

THAT'S IT for this week.

Schooners  
To Party  
At Taylors

Mr. and Mrs. Dan Taylor, who commute between their Canfield Road home and their cottage at Newport Beach during the summer months, will be hosts to the Schooner Club of Trinity Presbyterian Church July 27 at the beach.

The party is an annual affair, with members bringing their families and enjoying games, swimming and a picnic lunch on the beach.

Schooners also will swim Aug. 24, when they are invited to the home of the William Fraziers for a barbecue party. Also hosting this event will be Mr. and Mrs. Joe Cummins, Mr. and Mrs. Lou Jennings and Mr. and Mrs. Jack Steffens.

Roger Bowens  
Visit in Ranch

Mr. and Mrs. Roger Bowen, former Ranch residents now making their home in Boston, Mass., arrived in Southern California last week on a business trip and to visit friends.

Mr. Bowen was transferred east by Cannon Electric Co. over a year ago. He has recently received the appointment of corporate director of engineering for the company and will be returning to the Coast, to live, in the not too distant future.

Kenneth Millard  
Elected to Head  
Commission

Kenneth A. Millard, 1130 Medford, was elected 1957-58 chairman of the Pasadena Planning Commission at an annual reorganization meeting held last week.

Mr. Millard, an attorney, has been a member of the Planning Commission for more than three years and replaces Raymond A. Dorn as chairman.

Included in the business acted upon following the election, was the group's approval of a planned subdivision tract at Sierra Madre Blvd. and Eaton Wash.

Young GOP  
Hears Talk on  
Party Planks

Equality, freedom and justice of opportunity are the basic planks of the Republican Party's platform, Melvin Morse told the Foothill Young Republican Club at their regular meeting July 8.

Mr. Morse is chairman of the speakers' bureau for the County Central Republican Committee. He is also founder and owner of Presto-Whip Corp.

"Modern Republicanism goes with the grain of human responsibility," Mr. Morse said. "It believes in a balance of power between the executive, legislative and judicial branches of government."

He pointed out that a difference in opinion within the party helps build the strength and flexibility of the party. Each individual in the party is the party—not just the Eisenhower, the Nixon, the Kennedy, and other "bigwigs."

"Within any political party there are two groups," stated Mr. Morse. "There are the philosophers who set the ideals, and there are the practical ones who win the elections."

Mr. Morse charged the Foothill Young Republicans, and every Republican, with the duty of working with one or the other of these groups. He further emphasized the importance of keeping informed on local politics and working for the cause of congressmen and assemblymen within one's district.

Victor E. Harris, Hastings Ranch vice president of the club, introduced the speaker. The dinner meeting was at the Hillcrest Restaurant.

President Richard Pember announced that the next meeting of the Foothill YR Club will be a swimming and barbecue affair at Wagner's pool in Pasadena.

Board to Study Tax  
Decrease Plan TuesdayMembers Make  
Decorations for  
September Affair

Members of the Workshop of Hastings Ranch Guild to Cystic Fibrosis Foundation are meeting today at the Paul G. Kaponya home, 1205 Pine Bluff, to continue work on decorations for the Guild's annual "September Affair" slated for Sept. 14 at the Huntington-Sheraton Hotel poolside.

The Workshop is under the direction of Mrs. James A. Gittinger and has been meeting throughout the summer for luncheon sessions which include furthering of their project and a rewarding swim.

Morris Family  
Home From  
Carlsbad Trip

Mr. and Mrs. John Morris, Judy and Johnny, are back at their Canfield Road home after an automobile trip which included visits to El Paso, Juarez, Carlsbad and Phoenix.

The family visited friends and relatives, spending several days in Carlsbad with Mr. Morris' family. They came home by way of Grand Canyon.

Daughter Judy leaves early next month for a week at Girl Scout Camp Singing Pines.

SHAPELY Janet Williams tries one of several power mowers to be featured in giant fifth annual Do-It-Yourself Show, July 18-22 at Los Angeles Pan Pacific Auditorium. Show features large section devoted to garden equipment, products and materials.

FOREIGN 4-H—Military review at Ft. Myers, Va., honors 4-H members from all over the world. Left to right, Nabi Ahmad, Pakistan; Balwant Garcha, India; Alejandro Salazar, El Salvador, and Almuth Struckmeier, Germany.

Pasadena's school budget may be financed with a 14 per cent cut in the tax rate, but needed rehabilitation of school buildings may reduce that cut, if the school board so decides. A meeting is set Tuesday to review the facts.

The school board, studying the \$18,000,000 budget for 1957-58, may decide the taxes are needed to keep the schools in shape.

Ronnie Stine  
Celebrates  
Birthday

Ronnie Stine, son of Mrs. Mary M. Stine, 3830 Cartwright, marked his eleventh birthday last week when four of his friends stayed overnight and enjoyed a "large" breakfast the following morning.

Invited guests included three of Ronnie's fellow members in the "Four Aces Club," Jeff Hanson, Tim Roswell and Kenny Walker, Gary Russell and Bill Hilliard, who broke out with the chicken pox in time to miss the party.

The Four Aces have erected a clubhouse in the Stine backyard and their current business involves discussions on how to procure materials for an adequate and leak-proof roof.

Cummins Family  
Spending Six  
Weeks at UCLA

Mr. and Mrs. Joe Cummins, daughters Karen Sue and Lynn, and sons Scott and Freddie, are spending six weeks at UCLA where Mr. Cummins is enrolled in a special session.

The family is living at the dormitory, with Mrs. Cummins also taking some courses and the children having a fine time with some 50 others whose parents are studying.

New Families  
Purchase Homes  
In Riviera

Two new families have moved into homes on Riviera Drive.

The Clarence Spalls have purchased a home at 1420 Riviera. They, with their son, made their home in New York before coming to the West Coast.

Mr. and Mrs. Hart Reynolds and their small son have bought a home at 1425 Riviera. They previously lived in Arcadia.

CALTECH APPOINTMENTS  
The appointment of Dr. Robert L. Sinheimer as professor of biophysics at the California Institute of Technology was announced yesterday by Dr. George W. Beadle, chairman of the division of biology. Dr. Sinheimer, who spent six months at Caltech in 1953 as senior research fellow, comes to the Institute from Iowa State College where he has been a member of the faculty since 1949.

CERAMIC SHOW  
Modern do-it-yourself methods will be demonstrated in educational workshops every afternoon and evening during the million-dollar Ceramic Spectacular, 1957 California ceramic hobby show July 24-28 at the Lafayette Hotel, Long Beach.

## Garden Notes...

### Shrubs Provide Interest, Color the Year 'Round

Because they are permanent and attractive the year 'round, shrubs are a key part of planting arrangements in important garden areas such as patios, terraces and lanais. Permanent color and plant interest can be provided by shrubs for these areas which are so often the gathering places of family and friends throughout the year.

The California Association of Nurserymen suggests for summer shrub interest the Fuchsia, Azalea, Abelia, Hydrangea, Rose and Lilac (Syringa). This group of shrubs is hardy in almost all areas of the state, with the exception of the desert.

Each shrub provides gloriously colored flowers; some are primarily for shade while others thrive in direct sun. The Fuchsia, Azalea and Hydrangea prefer mostly shady areas with a little early morning sun; the Lilac should have direct sun in the cool, coastal areas. Roses, of course, thrive in full sun.

FOR WINTER color interest in your patio, lanai or terrace consider the lovely and highly ornamental Camellia, in both the Japonica and Sasanqua species. The Sasanqua which can be trained as an espalier, shrub or ground cover, is usually fall-flowering in normal seasons. The Japonica, growing as small to medium-tall shrubs, blooms in many varieties and gorgeous colors from early winter through to late spring.

or edged in yellow. Heather (Erica) makes a very handsome winter and early spring-blooming shrub, with flowers in shades of pink and red.

As lush and bold as a true sub-tropical, The Aralia sieboldii or Fatsia Japonica provides a tropical atmosphere throughout the year. This evergreen grows with glossy dark green leaves and in December bears small white flowers followed by shiny black fruits.

THE FATSIA grows well in sun or shade but the leaves lack luster in the sun and turn yellow. This shrub can be thinned to create an interesting structural pattern.

In caring for flowering shrubs it is important to keep in mind their need for light and air. Even those shrubs which are considered to need shade do not need to be smothered with it. By planting them near a fence or to the north of a shrub, tree or the house you can make sure shade-loving plants will get shade, sufficient sun and protection from the hot mid-day sun.

Make sure the plants have plenty of "breathing" room; don't crowd them. Keep shallow-rooted shrubs mulched in pink and white flowers. The foliage is either all green

## Your Health . . .

### Poisonous Black Widow Common in Southern Cal.

By Roy A. Gilbert, M.D., L.A. County Health Officer

The black widow is the only spider in the United States whose bite is considered poisonous, and since these spiders are extremely common in Southern California cases of arachnidism (spider poisoning) are sometimes reported. Such incidents occur with greater frequency during the warm weather season, because people are then more likely to venture into undisturbed areas where the widow makes her home.

The widow does not usually bite unless provoked, although there are a few cases on record where individuals have been bitten while asleep. But, even if the latter is a rare occurrence, the danger of spider bite is not too remote, since black widows may be found in so many places where an individual is likely to bother them unknowingly.

The severity of the individual's reaction following the widow's bite generally depends on the amount of venom injected. If a considerable amount has been given, muscle cramps may start a few minutes after the bite occurs. This is generally followed within a short time by severe abdominal pain. Restlessness and vomiting are common, and headache is sometimes experienced. Illness may last from several hours to a few days.

ALTHOUGH the majority of people recover from the widow's bite without medical attention, it can be quite dangerous to the aged, or persons already weakened by illness. There is some difference in medical opinion as to whether or not spider poisoning is more severe in children than in adults. Fatalities, no matter what the age, are of infrequent occurrence.

First aid is important when the reaction to the widow's bite is severe. Cold water, preferably ice, should be applied to the wound immediately. The victim should be made to lie down and be kept quiet. If muscular spasms occur before medical aid can be obtained, warm applications should be applied to the parts involved. Some reliable antiseptic may also be dabbed on the wound to prevent secondary infection.

Areas infested with black widows are generally dark and secluded. The spider may take up housekeeping under stones, in hollow stumps, stone walls, lumber piles, trash heaps, or in some dark corner of a garage or other building. When seeking moisture, black widows may also be found under houses or in some dark corner within them.

When mature, the body of the black widow is about half an inch long. Owing to its shiny black color and the dark red hourglass-like marking on the abdomen, it is easily recognized. At times, other red or orange marks may also be found on its underside. The male is small, lacks the typical markings of the female, and is relatively harmless.

A NUMBER of insecticides now on the market, including chlordane and lindane, are effective in the elimination of black widow spiders. Whenever these or related compounds are used, care should be taken to read directions thoroughly and recommended precautions for use followed meticulously.

It is well to remember that with the exception of the black widow, spiders are harmless and friendly little creatures. So is the large, shy, hairy tarantula sometimes encountered in this area. Even if, under provocation, the tarantula does bite an individual this gives rise to nothing more than a mild irritation that generally disappears in about half an hour.

A pamphlet on the black widow and its control will

be mailed to anyone who sends a card of request to the Division of Public Health Education, Los Angeles County Health Department, 241 N. Figueroa St., Los Angeles 12.

### TIP TO MOTORISTS

People who are always trying to beat the game of life feel they are being double-crossed because the world won't allow them to win.
